

I am an Information system graduate with experience creating websites for final-year graduation projects, networking, and database management. I have great technical abilities as well as excellent interpersonal abilities, allowing me to work with a diverse group of clients. I'm looking for new challenges to help me grow and improve my IT skills. My life's biggest interest is putting my technical expertise to good use for other individuals and organizations.

# MULUGETA ADAMU

## Personal information

Age: 22
